Dear Mr. Hastings,

Please accept this as a formal letter of support and commitment of partnership for the round about project and the sidewalk to the Nebraska Indian Community College.

The college currently serves around 750 students every year, and while many of our courses are remote coursework, those that are on campus would see a safety advantage of having a roundabout and a sidewalk to campus. In recent years, we have had a numerous close calls on our stretch of the highway and one accident in front of the campus. The roundabout should slow vehicles down to encourage the safety of all of our learners.

I support any and every safety improvement for our drivers and our pedestrians. If I can help to answer any questions please free to use any of the contact information in the letterhead.

Wibthaho$^{n}$ – Pidamayedo – Thank you.

Respectfully,

Dr. Michael Oltrogge, President
Nebraska Indian Community College
